Progress

School Management System provides user-friendly dashboards with login access for teachers, non-teaching staff, students, parents and management personnel of your institution. The various modules available in System facilitate all the processes of your institution, from admission of new students to generating transfer certificates when students complete their studies.

ARE YOU READY *for an* ONLINE CLASS?

1 ENOUGH TIME

Do you have enough time to commit to an online class in order to be successful?

Online classes can actually take more time weekly than face-to-face classes.

2 REAL FOCUS

Do you have enough discipline and determination to succeed in an online course?

An online course requires you to take more responsibility for your progress than face-to-face classes.

3 BENEFITS

Do the benefits of taking an online course outweigh those of taking a face-to-face course?

Accessibility and convenience are major pros in online learning!

4 TECHNOLOGY

Do you have basic computer skills to troubleshoot minor computer problems?

You must have access to a reliable computer with high-speed Internet.

5 COMMUNICATION

Do you have good writing and communication skills?

Nearly all communication is written, so it is critical that you feel comfortable expressing yourself in writing.

6 FREEDOM

Is your learning style compatible with an online course?

No one is looking over your shoulder or presenting material which fosters independence!
